

April, 2018

Artify Jacó is seeking sponsors & partnership opportunities.

We are on a mission to continue promoting ART, LOVE & NATURE in Jacó. At present we have verbal commitments from top Costa Rican & international artists who wish to come & leave their mark on our town. These projects are funded through private commissions & donations.

5 ways to donate:

1. One time cash donation.
2. Support Artify on a monthly basis from May - December 2018.
3. Donate goods or services needed.
4. Sponsor a public or private commission.
5. Become a *Community Friend* with \$100 - \$200 annual pledge.

4 guiding principles:

1. We believe installing public art instills pride in our community.
2. Our community outreach programs get young people involved in the cultural movement in Jacó.
3. We support artists through public & private commissions.
4. Investing in the beautification of our town is good for small businesses.

3 things to remember:

1. Artify Jacó is an organization of volunteers seeking to celebrate art through nature. We promote a range of creative initiatives, specifically the installation of large, medium & small works of interactive public art.
2. We rely on donations & private commissions to fund public art.
3. Public art enriches the lives & experiences of all, while demonstrating to visitors that we love Jacó & honor the natural resources of our community.

2 months to fundraise:

Our first installations of 2018 are scheduled for June. We have 8 weeks to raise the funds. What we collect during these 8 weeks will sustain all of our programs for the rest of the year. We urge you to contact us soon to donate!

1 lofty goal:

Our fundraising goal for 2018 is \$25,000. We plan to do so as follows:

Contact us today to make a meaningful contribution to Jacó.
